National Redress Scheme

The National Redress Scheme provides support to people who have experienced institutional child sexual abuse. On 1 July 2018, the National Redress Scheme commenced, with survivors of child sexual abuse able to approach the Scheme at any time until 30 June 2027. Under the Scheme, applications for redress are made by independent assessors who decide on the appropriate levels of financial and other support, such as counselling services. The Catholic Church and other institutions participating in the Scheme will meet the costs of redress that the Scheme determines.

Knowmore is an independent service giving free legal advice to assist survivors of abuse by providing them with information and advice about the justice and redress options that may be available to them. National Redress Scheme website: <https://www.nationalredress.gov.au/>
